The counselling service is intended to provide psychological support for personal, emotional, interpersonal, educational, and adjustment-related concerns. It is a confidential and collaborative process. You will receive counselling from a trainee counsellor enrolled in the MSc Counselling Psychology programme at Montfort College under the supervision of qualified faculty members.

Information shared during counselling will remain confidential except:

- when there is a risk of serious harm to yourself or others;
- when disclosure is required by law; or
- for professional supervision and training purposes.

Your counsellor is a trainee working under close supervision. If your needs are beyond the scope of supervised trainee practice or there are concerns about your immediate safety, you may be referred to a more appropriate mental health professional or service. This is to ensure you receive the safest and most appropriate care.

Recording (Optional): Sessions may be audio/video recorded for supervision and training

purposes only. I understand that I may withdraw this consent at any time.

I have read and understood the above information. I have had the opportunity to ask questions, understand the limits of confidentiality, and voluntarily consent to receive counselling from a trainee counsellor under supervision.
